

ERASMUS + PROGRAMME TRAINEESHIPS OFFERS 2015

**Youth Service, European Projects and Youth Exchanges of the
Murcia City Council**

MURCIA, SPAIN

YOUTH SERVICE TRAINEESHIP ERASMUS + PROGRAMME 2015

The city of Murcia is located in the South East of Spain and its population of 450.000 inhabitants is placing it in the group of seven most populated cities in the country. Murcia is the capital of the Region of Murcia, the largest in the area autonomous community, which consists of a single province. The history of the city goes back to the year AD 825. Thanks to its impressive monuments, unique customs and traditions and beautiful nature surroundings, every year Murcia is visited by the thousands of tourists.

The Youth Service Traineeship will be carried in European Programmes and Youth Exchange Department in the Youth Service of the Murcia City Council.

Students would get a chance to work closely to our European Professionals who would teach them about all of the possibilities of mobility provided for young people in Europe.

Students **tasks** would include:

- supporting students/ young people interested in mobility programmes
- preparing information for future European volunteers
- helping office workers in communication (mailing etc.) and translation
- joining the Language Club as a language assistant.

Students would have a flexible timetable, from Monday to Friday, according to their intern profiles and to the necessities of the organisation.

Each student would be supported by a mentor. Mentors would help students in getting involved into the local community with providing them opportunities to join several activities.

You can learn more about our organization here:

SOCIAL CARE SERVICE TRAINEESHIP ERASMUS + PROGRAMME 2015

The city of Murcia is located in the South East of Spain and its population of 450.000 inhabitants is placing it in the group of seven most populated cities in the country. Murcia is the capital of the Region of Murcia, the largest in the area autonomous community, which consists of a single province. The history of the city goes back to the year AD 825. Thanks to its impressive monuments, unique customs and traditions and beautiful nature surroundings, every year Murcia is visited by the thousands of tourists.

The Social Care Traineeship will be carried in the Municipal Social Care Service. The institution organizes free time activities designed for children between 5 and 12 years old in several neighbourhoods of Murcia. Activities include workshops, excursions, sports etc.

Students **tasks** would include:

- supporting monitors during the free time activities
- preparation of activities before going out
- taking part actively in the workshops
- joining the coordination meetings with the monitors
- filling a questionnaire at the end of each activity
- joining a Red Cross Workshop as a part of their training.

Interns would have all transportation costs in the city covered. Students would have a flexible timetable from Monday to Friday, according to the service necessities.

Each student would be supported by a mentor. The mentors would help students in getting involved into the local community with providing them opportunities to join several activities.

→ **If you are interested in the traineeship**, send your CV and a Motivation Letter to planjoven@ayto-murcia.es.

ENVIRONMENT TRAINEESHIP ERASMUS + PROGRAMME 2015

The city of Murcia is located in the South East of Spain and its population of 450.000 inhabitants is placing it in the group of seven most populated cities in the country. Murcia is the capital of the Region of Murcia, the largest in the area autonomous community, which consists of a single province. The history of the city goes back to the year AD 825. Thanks to its impressive monuments, unique customs and traditions and beautiful nature surroundings, every year Murcia is visited by the thousands of tourists.

The Environment Traineeship would be carried in the Murcia City Council. Students would do the fieldwork to gather acoustic information and would create cartography maps related to noise, biodiversity and mobility.

Key Tasks:

- working on updating the Noise Strategic Map of the Municipality of Murcia (year 2016)
- working on developing the Action Plan Against Noise Pollution in the Municipality of Murcia
- acoustic measurement and vehicle capacity measurement
- entering measurement data in modelling programmes
- entering measurement data in GIS
- working with geographic information sources
- collecting environmental information through the fieldwork
- updating the environmental mapping of the Municipality of Murcia
- updating the cartography basis of the Municipality (buildings, roads, rails, green areas etc.).

Benefits for the graduate

Interns would acquire following skills:

- advanced use of a sonometer and entering data in modelling software
- developing acoustic models to create strategic noise maps
- developing action plans against noise pollution
- advanced knowledge of GIS (editing, work with GIS databases and map algebra).

Personal Specification

Preferably a technical degree (engineering) or a degree in biology, environmental sciences or geography, with basic knowledge of acoustics and GIS (SLM management, arcgis, arcview-gvsig).

Language requirements: basic level of Spanish or intermediate English is required.

→ **If you are interested in the traineeship**, send your CV and a Motivation Letter to planjoven@ayto-murcia.es.

DRAMA TRAINEESHIP ERASMUS + PROGRAMME 2015

The city of Murcia is located in the South East of Spain and its population of 450.000 inhabitants is placing it in the group of seven most populated cities in the country. Murcia is the capital of the Region of Murcia, the largest in the area autonomous community, which consists of a single province. The history of the city goes back to the year AD 825. Thanks to its impressive monuments, unique customs and traditions and beautiful nature surroundings, every year Murcia is visited by the thousands of tourists.

The Drama Traineeship will be carried in the Teatro Circo, a municipal theatre located in the centre of Murcia. Since it was opened in 2011, the theatre has hosted more than 400 shows joined by over 270.000 spectators. Teatro Circo presents its own shows, however, most of the shows are produced by national and international companies.

During the last three years Teatro Circo has become a modern and open institution known by demanding audience which is looking for high quality productions.

During the traineeship students **tasks** would include:

- supporting the theatre production by getting on with companies
- supporting the theatre alternative activities (exhibitions, audience management, trainings etc.)
- supporting the pedagogical project
- external communication
- ticketing.

Students would have a flexible timetable from Monday to Sunday, always with two days off, in accordance with the needs of the theatre.

Each student would be supported by a mentor. The mentors would help students in getting involved into the local community with providing them opportunities to join several activities.

You can learn more about Teatro Circo here:
